

WARRANTY AGREEMENT

Services rendered by Sundance Custom RV Inc. are on a **customer pay basis only**. When requested to bill a second party (extended warranty, manufacturer's warranty, etc.) **the customer to whom services were rendered remains responsible for the entire amount due until such time as the outstanding balance is paid in full**. If the second party fails to pay the balance due in 30 days, the customer to whom the services were rendered is responsible for immediate payment of the entire balance due. If the second party pays the balance due after 30 days, the customer will be refunded the amount paid less a 10% handling charge for the overdue payment.

In order to process second party arrangements, additional time and effort is required to process warranty claims. This includes but is not limited to:

- Obtaining comprehensive information about the customer and the RV, and/or component information.
- Obtaining complete warranty company information, policy review, review of warranty requirements, copies of warranty documentation.
- Preparing a detailed estimate with problem, cause, resolution per the warranty company's requirements.
- Contact with the warranty company by phone, time on hold, time communicating problem(s) with warranty representative, claim form preparation, mailings, faxes and accounts receivable billing, obtaining billing address/fax information, parts research and ordering, packing and shipping defective parts, warranty payment credit card discount rates.

In order to offset time/costs incurred in second party billing, Sundance Custom RV Inc. charges a WARRANTY ADMINISTRATION FEE of \$60.00 per vendor. This fee is due and payable by the customer at completion of work. This charge applies even if the warranty company declines to cover any or partial requested repairs.

Some customary items may not be covered by warranty providers such as the on-site mobile service fee, diagnostic time, major component disposal, shop supplies or parts required to complete the job that are not covered (plumbing fittings/electrical components etc.), and these items will be the customer's responsibility to pay for. If the warranty company declines to pay the full asking list price for parts, or the requested labor time, it will be the customer's responsibility to pay the outstanding difference.

Customer is responsible for deductible payment and any other charges not covered at completion of work. A credit card information recording may be required at time of completion and held on-file until such time the bill is paid in full, and may be charged if the second party defaults as described above, or be used for the 10% overdue payment charge if the second party does not pay within 30 days. Customer will be notified immediately by phone or e-mail if this occurs. Sundance Custom RV **will not** participate retroactively with a warranty company after work has been performed if not notified in advance by customer of intent to bill warranty and service written up as warranty job and authorization received prior to invoicing.

In order to prevent possibility of additional customer charges, some warranty companies will allow the customer to pay the full invoice price to Sundance Custom RV Inc. and the customer may submit the completed invoice to the warranty provider for reimbursement.

Please fill out information on attached page and have ready upon our arrival to expedite service. Thank you.
